CONFERENCE INFORMATION

2022 GeoAsia7 Conference & IGS First Young Engineers Conference

Conference Date:

October 31st (Monday) - November 04th (Friday), 2022

Official Language:

English

Organization:

Chinese Taipei Chapter, IGS
National Pingtung University of Science and Technology, NPUST
-Department of Civil Engineering

Co-organization:

Chinese Institute of Civil & Hydraulic Engineering
Chung Hua Geosynthetic Association
Asian Civil Engineering Coordinating Council
Geosynthetic Institute, GSI, Taiwan Group
American Society of Civil Engineers, ASCE, Taiwan Group
Taiwan Nonwoven Fabrics Industry Association

Auspices:

International Geosynthetics Society (IGS)

Conference Venue:

Taipei International Convention Center (TICC)

Address: 1 Hsin-Yi Rd., Sec. 5, Taipei 11049, Taiwan

Phone: +886(2)2725-5200 | Fax: +886(2)2723-2589 | Website: www.ticc.com.tw/main_en/

Taipei International Convention Center (TICC) is located in the Diamond District of Taipei City. Purpose-built to meet all the requirements of international conference organizers with state-of-the-art facilities and an uncompromisingly high standard of service, which has become Taiwan's top venue provider, it has everything needed to make any conference or meeting a success.

INVITATION TO SPONSORS AND EXHIBITORS

Dear Friends and Colleagues,

On behalf of the **2022 GeoAsia7 Conference & IGS First Young Engineers Conference (GeoAsia7)** Committees, we would like to invite you and your company to participate in GeoAsia7, which will be held from October 31st to November 04th, 2022.

The main theme of the GeoAsia7 is **Hazard's Risk Management, Innovation, and Sustainability**. Several subjects on modern geosynthetic technologies and activities will be covered up to match up the main theme, the GeoAsia7 will definitely become the most astonishing event for the worldwide geosynthetic societies in 2022.

We sincerely wish that GeoAsia7 will provide a good platform for scholars and practitioners to share and exchange the updated knowledge on Geosynthetic. The great energies and opportunities provided at the emerging markets and sustainable developments in Asian countries will receive remarkable attentions. It is a special designed platform for you to tap into this booming Asian market. In gratitude for your gracious acceptance to support GeoAsia7 as the *Sponsor* or *Exhibitor* as well as your role to lead GeoAsia7 activities, the Conf. Committee will gladly provide favorable returns which are listed in following page.

Please do not hesitate to contact us should you have any query or in need of further information. We look forward to seeing you at GeoAsia7 and thank you for your kind supports to make GeoAsia7 successful and remarkable to continue the Glories of IGS!

Truly yours,

Prof. Chiwan Wayne Hsieh

Chairman, Organizing Committee of GeoAsia7

MAIN THEME

Hazard's Risk Management, Innovation, and Sustainability

TOPICS OF INTERESTS

Agricultural Applications	Geosynthetics Properties
Case Histories	Geosynthetics Solutions for Natural Disasters
Design Approaches and Numerical Solutions	Innovative Uses and Solutions
Drainage and Filtration	New Geosynthetic Products
Durability and Long-term Performance	Polymeric and Clay Geosynthetic Barriers
Erosion Control and Coastal Protection	Reinforced Walls and Slopes
Geosynthetics in Environmental Applications	Reinforcement of Embankments and Unpaved Roads
Geosynthetics in Dynamic Applications	Seismic Analysis and Applications of Geosynthetics Solutions
Geosynthetics in Hydraulic Applications	Soil-Geosynthetic Interaction
Geosynthetics in Mining Applications	Stormwater Management and Water Storage
Geosynthetics in Highways and Railways	Sustainability of Earth Works with Geosynthetics

VIRTUAL EXHIBITON- MICEPAD

Micepad is an award-winning Event App that creates a more engaging and productive experience in virtual exhibition. Connect with attendees using Photo Sharing, Live Chat and Social Media in one page.

In the stand, exhibitors can promote with not only brouche but also video ads. Moreover, you can interact with all delegates promptly via the live chat fuction.

Micepad has been used globally across 20 cities and the mission is to offer a superior experience using the latest mobile technology. The Micepad platform is designed to bring extra brand mileage, provide powerful analytics and deliever unlimited possibilities to all exhibitors.

Why join GeoAsia 7 virtual exhibiton?

- **Unmatched Global Reach-** get exhibitors' offerings in front of global audiences
- **Maximize Booth Traffic-** utilize push notification to guide attendees to the booths and convert them into customers
- **Show Case Products and Offerings Easily-** power to manage own digital booth with videos and collateralSupport with lead capture and 1:1 video calls for enquiries,meetings and demos-all in one place
- **Close More Deals with Our Meeting Schedule-**our built-in appointment scheduling feature allows attendees to set up meetings with exhibition representatives. Exhibitors can also send meeting requests to key attendees
